Proposal for 2pp DL flyer

- Illustration adjusted to include girls.

- Copy adjusted in response to your notes. The copy has increased slightly and so the point size of lettering has been reduced a little to retain the 'white space' essential to keep documents light and approachable. The text remains clear and legible at the smaller size.

- Logos acquired direct from LHI and applied in full accordance with their usage guidelines.

"You should acknowledge your grant on all material and publicity with written acknowledgement of the Local Heritage Initiative, the Heritage Lottery Fund, Nationwide Building Society and the Countryside Agency and include the corporate logos whenever possible."
