

MAP & DIRECTIONS

1. In the Y&CC car park, face the Post Office and follow Hall Lane to the right.
2. At the bend, take Church Lane up to the church.
3. Keep the church on your left and enter Dark Lane straight ahead.
4. Follow this around as it bends to the right and then left between hedges.
5. As the hedges end, follow the edge of the field straight ahead and then left to the stile and cross the railway.
6. Go over the stile and immediately ahead is another stile. Climb this and keep the hedge on your right.
7. The official footpath then cuts across the field to the A5, but a more interesting route has been left around the field. Please use this if possible.
8. Climb the stile and follow the pavement along the A5 (Watling Street) up the hill to the left. This road is very busy and walking on the verge is advised.
9. Turn first left into Lions Den. Although this is a narrow lane, cars use it frequently.
10. At the bottom of the hill by the farm, turn left into Station Road and go over the footbridge. This can be slippery.
11. Follow the path directly ahead up to the churchyard.
12. Go through the churchyard and back down the hill to the Y&CC.
